Memorandum

TO: The Putnam County Commission

FROM: John Allen, President, Putnam County Fair Board

RE: Bylaws of the Putnam County Fair Board

Greetings to Each of You:

The Putnam County Fair Board is sending you our revised bylaws. You ask at a fall Commission meeting that we look at them and think about increasing the size of the fair board. We told you we were doing this when we sent you our recommendation for our 15th Board member. We told you then we would be asking you for more autonomy in the selection of Fair Board members. However, our plan for doing this was moved up because of continuing communication and pressure from some of you to take you out of the selection process because you were losing votes over it – your words, not mine.

Some of you have told us you feel the fair board should have complete autonomy from the County Commission. And, one of you told me personally that the selection of new fair board members is the hardest job you have during the year.

I was invited to one of your Commission Work Sessions on a recent Saturday morning to hear discussion about the future of the fairgrounds. I listened. Near the end of the conversation, when I was asked for my thoughts, I shared with you a totally new process we have discussed of how we might recruit new board members, have a questionnaire filled out by them, interview them and then send five names to the Commission for approval. When I got to the “send five names to the Commission” there was a lot of quick and negative responses that many of you did not like the idea of sending you names for approval. Again, I perceived that to mean you wanted us to manage our own process.

Our revised bylaws takes you out of the selection process for new Fair Board Member process and allows us the authority to manage that process ourselves through a publicly announced process. **The Board would continue to be linked directly to the Putnam County Executive** as we have been in the past. We all feel this is a very important connection to maintain. We discussed keeping this connection with the County Executive Thursday evening at our board meeting and all present agreed to this.

Please understand we are responding to you in making these changes. You asked us to do it through multiple ways, phone, face to face, and at least one meeting. We are trying to respond to you and the pressure we have felt in the last few months of trying to move forward as a board and work with you in a more compatible way.

Communication is extremely important and it is possible we have missed some messages. If so, please share with us how we can more effectively work with you to accomplish the things we are charged with doing. We are not trying to do anything other than respond to you and what you wanted us to do.

We have a great Fair Board focused on delivering the best Putnam County Fair our
resources will support. We are focused on citizens being the center of all we do and trying to create a better life for all of us in Putnam County.

Re: Commission Agenda

Hi Debbie,

This is a letter requesting an issue of importance be on the agenda for the next full commission meeting.

I would like to recommend to the Commission, a name change for the county complex located next to the high school. It is, and has always been, referred to as the "Upper Cumberland Soccer Complex". This has continued to cause a problem in the community, because it implies it is only for soccer participants. However, the original proposal lists numerous groups and sporting events to be participants at the complex. I propose it be renamed the "Upper Cumberland Sports Complex", I believe this will eliminate bias, or leverage for any one sport in the community. Also, the name change simply sounds more user friendly for all groups.

Respectfully requested,

FEBRUARY 21, 2014, @ NOON
COUNTY EXECUTIVE'S OFFICE

PRESENT

DAVID ANDREWS
TERRY RANDOLPH
JIM MARTIN
DARYL BLAIR
KIM BLAYLOCK
ERIS BRYANT
LINDA REEDER
HAROLD BURRIS

Meeting was called to order by Eris Bryant.

Eris Bryant was appointed Chairman unanimously.

Linda Reeder was appointed Secretary unanimously.

PRESENTER: DAVID ANDREWS

PURPOSE: Regarding changing position of employee stemming from the changes in positions as a result of the Bridge Bill recently implemented by the county commission.

The employee in question was a road deputy who was certified with 15 years experience and lost this position when the new bill came into effect (because of his age which is 60). He remains employed and is now in the position of Corrections Officer. David requested that his pay remain the same as that of a road deputy.

After some discussion, Jim Martin made the motion that he be classified as a Corrections Officer with 15 years experience which would be a grade 5 with the salary of $40,000.00. The employee is Bobby Hunter.

Harold Burris seconded the motion.

Motion carried.

David then requested changes in other employees' wages which would require a total increase of $21,000.00 per year for the adjustments in pay and would require no new money.
He requested the following:

5 FTOS (FIELD TRAINING OFFICER) a $500.00 raise
    (now $25,000)                      $2,500.00
6 Corporals a $750.00 raise
    (now $25,250)                     $4,500.00
1 Correction Officer raise $1,000.00
    (now $26,000)                     $1,000.00
4 Sergaents    raise $2,000.00
    (now 26,000)                     $8,000.00
1 C.O. Sgt.    raise $3,000.00
    (now $27,000)                    $3,000.00
4 FTOs         (give them $500.00 more a year) $2,000.00

$21,000.00

Jim Martin made the motion to approve this request.
Terry Randolph seconded.
Motion carried.

Meeting adjourned at 12:50 p.m.

RESPECTFULLY SUBMITTED,

AN ACT to amend Tennessee Code Annotated, Title 4; Title 5; Title 6; Title 11; Title 54; Title 55; Title 67; Title 68 and Title 70, relative to the development of adventure tourism in Tennessee.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Title 11, Chapter 11, is amended by adding the following language as a new, appropriately designated part:

11-11-201.

This part shall be known and may be cited as the "Tennessee Adventure Tourism and Rural Development Act of 2011."

The department of tourist development, in cooperation with the department of environment and conservation and the department of economic and community development, is directed to study and develop a plan for the promotion and development of adventure tourism and other recreational and economic development activities in rural areas of Tennessee. Such study and plan shall be developed within existing departmental resources. The departments are directed to consider natural areas, best available science, existing recreational opportunities, economic conditions, including but not limited to persistent high unemployment, safety and environmental issues, and community interest in developing such plan. Such plan shall identify those areas of the state where those activities currently exist and could easily be developed and should include recommendations on whether and to what extent existing laws should be amended in order to encourage development of adventure tourism in Tennessee. The
departments are authorized to promulgate rules and regulations in order to effectuate
the purposes of this part.

is suitable. The department shall identify for each area the appropriate types of
recreational activities suitable to the region and shall recommend rules and regulations
to apply within appropriately designated adventure tourism districts.

Alternatively, one (1) or more counties or one (1) or more municipalities may enter into an intergovernmental agreement pursuant to the Interlocal Cooperation Act, compiled in title 12, chapter 9, to designate jointly an adventure tourism district that contains area within the boundaries of more than one (1) local government.

Tennessee Adventure Tourism and Rural Development Act of 2011

Tennessee Code Annotated Title 11, Chapter 11, Part 2

GUIDANCE DOCUMENT FOR LOCAL GOVERNMENTS

PART I: OVERVIEW AND LEGAL REQUIREMENTS

The "Tennessee Adventure Tourism and Rural Development Act of 2011" creates a mechanism by which communities can apply to be certified as an adventure tourism district ("district"). Certification as a district allows certain businesses to qualify for a jobs tax credit specific to the Adventure Tourism Act. Certification of a district must be obtained by receiving approval from both the commissioner of the Department of Revenue ("DOR") and the commissioner of the Department of Economic and Community Development ("ECD" or "the department") (collectively, "the departments"). This approval is based on a "best interests of the state" determination made by DOR and approved by ECD.

To apply for certification as a district, a local governing body must authorize the creation of a district by a 2/3 vote. Alternatively, two or more local governing bodies may enter into an intergovernmental agreement for a district that contains area within the boundaries of more than one local government. Adventure tourism professionals may petition local governing bodies for creation of a district. Such petition must include specific business plans based on quantifiable data demonstrating that the creation of an adventure tourism district would enhance sustainable economic development in the area. Upon approval by the local governing body(ies) as may be required, the district plan must be submitted to DOR and ECD.

Upon receipt of the district plan by DOR and ECD, the departments must make a determination as to whether the allocation of franchise and excise tax credits is in the "best interests of the state." This determination consists of three criteria:

1) That the qualified business enterprise or enterprises made within an adventure tourism district are a result of the special allocation and tax credits provided for in § 67-4-2109(b)(2)(C);
2) That the adventure tourism district is a result of such qualified business enterprise or enterprises; and
3) That the district is not structured to create a competitive advantage for one business.

A "qualified business enterprise" is defined as "an enterprise in which the business has made the required capital investment necessary [§500,000 in accordance with § 67-4-2109(a)(7)] to permit the creation or expansion of [...] tourism related businesses, including, but not limited to, restaurants, lodging establishments, or other tourism related attractions." Accordingly, any "tourism related business" including restaurants, lodging establishments and other tourism related attractions may form the basis of a local governing body's application for creation of a district and
may benefit from the tax credits provided for in the Act once a district is certified by DOR and ECD.

**If a district is certified by DOR and ECD,** "qualified business enterprises" in the district may receive special tax credits which are administered by DOR. The requirements to be eligible for the credit vary based upon the tier designation of the county in which the business resides. If the qualified business enterprise is located in a Tier 1 enhancement county, the business must create 25 qualified jobs as defined in § 67-4-2109(a)(6). If the qualified business enterprise is in a Tier 2 enhancement county, the business must create 19 qualified jobs as defined in § 67-4-2109(a)(6). If the qualified business enterprise is in a Tier 3 enhancement county, the business must create 13 qualified jobs as defined in § 67-4-2109(a)(6). If these requirements are met, a credit of $4,500 per qualified job will be allowed. This credit may offset the business's franchise and excise tax liability. These credits can be carried forward for three years for businesses in Tier 1 and Tier 2 counties and five years for businesses in Tier 3 counties. Additionally, businesses in certified districts may receive promotional support from the Department of Tourism through its existing resources.

**PART II: ECD APPLICATION PROCESS**

**Application Requirements.** Interested local governments will find ECD’s streamlined application for certification of an adventure tourism district online at http://tn.gov/ecd. The application will require local governments to provide ECD with certain information regarding the proposed district. All questions on the application must be answered thoroughly and completely in order to be considered for certification.

All interested local governments must submit their completed applications to ECD by **April 15, 2014.** The department will then review all completed applications. Approved applications will receive certification for a period of three (3) years. Upon expiration of the three (3) year period, a local government must submit a new, complete application for certification.

**Filling Out the Application.** Local governments should fill out the application thoroughly and completely. The preparer should provide the name of the mayor or executive as well as contact information for the local government. If the local government was petitioned by an adventure tourism professional, the preparer will be required to provide information concerning that professional, including the company's FEIN and headquarters address. The application will require the local government to list one or more eligible adventure tourism activities that can or will be conducted in the proposed district. The list of eligible activities can be found at T.C.A. § 11-11-203.

The local government will also be required to upload four supporting documents in order to complete its application. The first is a copy of the resolution from the local governing body authorizing creation of the district (please see T.C.A. § 11-11-204). The second is a parcel map of the proposed district. In order to administer tax credits if a district is approved, the Department of Revenue requires a parcel map of the proposed district. The third is a business plan. The business
plan must be based on "quantifiable data demonstrating that the creation of an adventure tourism district would enhance sustainable economic development in the area" (T.C.A. § 11-11-204(b)). Finally, the application must be accompanied by a notarized letter from the local government mayor or executive which contains the following statement:

"I, [local government mayor or executive], hereby confirm that this application, including all attachments, does not contain any representations of fact which are false or misleading in any respect."

PART III: POST-CERTIFICATION REPORTING AND PROCEDURES

Annual Report. Each local government which has received certification of an adventure tourism district must submit an annual report to the department which includes the following information: a complete list of businesses in the district, including the location of incorporation of those businesses; the number of jobs created by each entity; and the capital investment by each entity. This report is due to the department on July 1st of the year following certification and on July 1st of each year thereafter throughout the period of certification.

Redrawn Districts. Once certified, a district will not be redrawn or altered during the three (3) year period. A district may only be redrawn or altered in a new application for certification following the end of the three (3) year period.

Revocation of Certification. If at any time during the three (3) year period the department finds that any of the representations made by the local government in its application were false or misleading, the department may, in its discretion, revoke the certification of the district.

PART IV: NEED ASSISTANCE?

If you have any questions regarding ECD's role in the Adventure Tourism and Rural Development Act of 2011 or the application process, please contact Ted Townsend, Assistant Commissioner of Strategy for ECD, at 615.532.9060 or ted.townsend@tn.gov.
The Chairman asked for discussion on the motion to approve A Resolution of Putnam County Tennessee Declaring its Intent to Participate in the Tennessee Adventure Tourism and Rural Development Act of 2011 by Developing a Certified Adventure Tourism District Plan. There was none.

Wayne,

Info below on all the groups that Lisa Bagci volunteers and serves in leadership positions with. She is the director of the Cancer Center at CRMC in her spare time...lol.
I have worked with a lot of organizations that serve the needs of folks that are suffering financially, spiritually, or physically, and Lisa is always right there with them. She is kind, compassionate, and intelligent. People gravitate toward, and look to her because of her intelligence and natural leadership ability.

CRMC and their Cancer Center provide for the needs of their patients' mind, body, and soul and receive awards constantly. The same skills that Lisa exhibits and the passion that she shows in her paying job are the same ones that she shows in her volunteer work. CRMC is the finest health care facility in the State of TN, and its staff and management, like Lisa, are the reason why. I don’t know of anyone in our community that does more to help those that are suffering and scared than Lisa does. She truly understands that to care for someone, you really have to CARE.

Thank you guys for recognizing her.
