Note:
County Executive Kim Blaylock will appoint 3 members to the E-911 that terms expire in November. This will be for ratification at the Full Commission meeting.
Meeting was called to order by the Chair, Commissioner Anna Ruth Burroughs at 5:00pm. The meeting was held in the offices of Wayne Nabors, County Clerk located at 121 South Dixie Ave. Cookeville, TN.

Present for the meeting were: Commissioners Burroughs; Ford; Medley; Savage; and Williamson. Also in attendance were Kim Blaylock, County Executive; Keith Street, Department Head Solid Waste/Recycling; and Mr. Milt Ashburn of Baxter.

Commissioner Burroughs opened the discussion with an inquiry as to the status of a Notice of Alleged Safety or Health Hazards dated March 8, 2010, which were addressed to Putnam County Solid-Waste regarding mold in the workplace for the Bloomington Springs convenience center and the Bangham convenience center (complaint # 207594573).

Mr. Street advised the committee that both sites were re-tested which came back negative including testing performed by TOSHA. He further stated that apparently reports were turned in by County employee(s) but retesting showed no evidence of a problem. Some clarification was requested as to why the notices listed Mr. Jerry Randolph as the director but this is inaccurate as Mr. Randolph is in fact the Assistant Director.

Commissioner Burroughs then inquired about a proposed list of repairs/modifications which were requested for the Bangham ($29,556), Bloomington Springs ($10,600), and the Monterey ($9,750) convenience centers (total cost $49,906). Cost estimates contain a mix of work to be performed in-house with the balance being performed by outside vendors.

Commissioner Medley asked from where the funds to complete this project would come. Ms. Blaylock responded by saying that approximately $50,000 was available from the work done on the County Clerk's office. The buildings are to be similar to the structure at the Burgess Falls site and will include insulation, a bathroom, and heat and metal siding. The cost estimates provided include quotes received from outside contractors for concrete work and fencing. It was also noted that the sites in question were over 20 years old and that they were also impacted by significant population increases in the areas they serve.

Mr. Milt Ashburn sited problems that he believes exist at the landfill and felt that the problems he experienced there were far more pressing than the convenience centers under discussion and stressed the need for a compactor at that site. He also expressed concern for trucks that were operating without a tarp covering and that they were spilling debris over the road.

Mr. Street responded by saying that weather permitting, the concrete required to install the compactor at the landfill site would be installed in two weeks from the date of this meeting. He continued by adding that the trucks operating without a tarp covering would require action by the Putnam County Sheriff's office. Commissioner Burroughs requested a copy of the law concerning tarp coverings so she might familiarize herself accordingly prior to discussing the issue with Sheriff Andrews. Ms. Blaylock and Mr. Street will provide the information as requested to the Chair.
Discussion then turned to the issue of who might perform some of the work required for the convenience centers. Ms. Blaylock advised that some of the work could be performed by County maintenance staff as in the example of the Monterey Senior Center. Commissioner Medley asked about the funding of that project and was advised that the Senior Center had received a grant for the remodeling and the County did the balance of the work. (This project was approved by the Commission.)

Mr. Street then restated that the concrete work at the landfill (weather permitting) would commence in the second week in November. Following this, the compactor would be installed. Mr. Ashburn asked if the landfill site might accommodate a second compactor. Mr. Street said that he believed that there was not enough room but would measure the space again to be certain.

Commissioner Burroughs expressed her desire that this committee function effectively and suggested that meetings should not necessarily occur every month but possibly every three months or as required. She then asked if there were any additional comments concerning the convenience center project. Commissioner Williamson stated that he had been advised that there was some difficulty with scavenging at the centers. He was advised that this was a long standing problem and therefore the suggestion was made that the remodeling project should include appropriate signage concerning the prohibition of this activity.

A motion was then made by Commissioner Ford to send the remodeling project to the full Commission for approval. This was seconded by Commissioner Williamson. There was no further discussion and the motion was unanimously approved.

Commissioner Burroughs then inquired as to the morale of our employees to which Mr. Street responded that morale was OK at present.

The issue was then raised about concerns involved with the County shredding documents for individuals and businesses where documents with sensitive personal information are involved. The committee was advised that this matter would be brought to the full Commission.

Since there was no additional business or discussion, Commissioner Williamson moved that the meeting be adjourned. This was seconded by Commissioner Medley. The meeting was adjourned accordingly at 5:33 pm.
