Surety Bond Application Instructions

REQUIREMENTS:

The Surety Bond Application must be completed and supported by the following:

1. **A bill of sale* from the last registered owner stating why the vehicle was not titled or registered in the seller's name.**

*In the absence of a bill of sale please provide:

- For Manufactured/Mobile Homes: a written estimate of the current value of the mobile home only (that does not include any land value) or a recent property tax bill of the mobile home property showing separate "land" and "improvement" values (if applicable).
- For Vehicles (car, truck, golf cart, motorcycle, camper, trailer, etc.): a written appraisal of the vehicle (showing its current value) from a local licensed dealer or website such as www.kbb.com or www.nadaguides.com.

2. **Information specific to the type of bond.**

For a Personal Surety Bond: A Surety Bond written by the State of Tennessee at no additional cost to the "principal" [the owner of the vehicle/mobile home]

- A personal surety bond requires the names of two sureties (other than the principal) who own land in the State of Tennessee and who are willing to sign the surety bond with the principal. The two sureties must not share the same address or live at the same address as the principal. The "principal" cannot be their own surety. You must furnish the complete name and physical mailing address of your two sureties on the Surety Bond Application. You must also furnish General Tax Certification ("GTC") (tax cards) (i.e. a copy of their most recent property tax bill showing their property tax information). The GTC can be obtained from tennesseetrustee.org, the local tax assessor's office or county website. The GTC is used to show proof that the land is located in Tennessee and the value of the property for each surety.

For a Corporate Surety Bond: This is a surety bond written or backed by a bonding or insurance company that charges a premium fee to write and back the bond for the principal. A corporate surety bond does not require the signature of two sureties but requires State of Tennessee approval. You can obtain a corporate surety through many insurance providers. If your insurance provider does not write corporate surety bonds, there are third-party companies available that can assist you with finding a company to write your corporate surety bond for you.

- The principal must furnish the complete name and physical address of the insurance provider or bonding company who serves as guarantee of surety on the Surety Bond Application and request a Tennessee Corporate Surety Bond Form for their insurance/bonding company to use when writing a corporate surety bond. The bonding or insurance company's attorney-in- fact must sign the corporate surety bond, stamp the bond with the company's seal, and attach an original, written power of attorney, stating that they are licensed to transact surety bonds in the state of Tennessee, to the corporate surety bond before it can be approved.

HOW TO SUBMIT SURETY BOND REQUESTS:

- Mailing Address: Tennessee Department of Revenue, Special Investigations (ATTN: Surety Bonds)/ Andrew Jackson Building, 11th Floor / 500 Deaderick Street, Suite 11.125 / Nashville, Tennessee 37242
- Email Address: christopher.fischer@tn.gov

WHAT HAPPENS AFTER THE DEPARTMENT RECEIVES APPLICATIONS:

- The department checks the VIN to make sure the vehicle or mobile home has not been reported as stolen.
- After the application has been processed by the department's Special Investigation Section, an approval letter and supporting documentation will be sent to the applicant advising him or her to complete the Multi-purpose Application at the local county clerk's office, apply for title and pay the appropriate fees*. State and local title and registration fees, as well as sales and use tax, may apply. **The surety bond approval letter and supporting documentation from the state is required in order to process the application for title though the office of the local county clerk.**

* Sales tax is calculated based on the sales price or appraised/assessed value depending on the documentation provided with the bond application. This amount is stated in the approval letter. Sales tax will be charged for all mobile homes applying for a title with a Surety Bond unless the applicant provides written documentation that sales tax was paid at the time of purchase.

ADDITIONAL INFORMATION:

- The issued bond is maintained in a file for a period of three years. The bond may be returned at the end of the three years or prior to the three years if the vehicle is no longer registered in this state, and the certificate of title has been surrendered to the department.
- Surety bonds cannot be written for any legally affixed mobile home. A legally affixed mobile home has an Affidavit of Affixation on file in the county register of deeds' office. A check for a recorded Affidavit of Affixation with the county register of deed's office will be done for all mobile homes needing a surety bond.
- A physical address of where the manufactured/mobile home is located must be provided on all surety bond applications for mobile homes.
- The value of the surety bond is calculated at one and one-half times the fair market value of the vehicle.
- The state of Tennessee will only write a surety bond for any person or company that is a resident of or have a residence or office address in Tennessee.

QUESTIONS:

- For questions regarding surety bonds: Call (615) 365-6225 or email christopher.fischer@tn.gov
- For questions regarding the title process after a surety bond application has been approved, including questions about mobile home de-titling: Call (615) 741-3101 or email CountyClerk.Help@tn.gov
